

But you didn't know

Sasuke's Desire

Von abgemeldet

You gave me a heart
A soul
True feelings
But you didn't know
How I did feel
When I saw your
Blue eyes
Light like the sky
Your blond hair
shining in the sun
Your smile
you showed me everyday
I saw the pain in your heart
I saw you cry
Cry in my arms

But you didn't know
The last day
You stand in front of me
Asked me the question, I wished so long times
you would
my voice was quit
But didn't you hear my heart scream?
Didn't you see my heart bleed?
Didn't you see my soul shining?
Didn't you see the feelings in my eyes
The desire to
kiss u
To touch u
To be mine ?

But suddenly you turned back
And went away
And now

your so far away
From me

My heart is dead
My soul is empty
And I am alone again
